THE ARTICLE IN THE BUSINESS TIMES DATED 5 OCTOBER 2005

Description

We refer to the article in the Business Times dated 5 October 2005 where our Managing Director Mr Richard Tay commented that "Our new strategy is to look at developing countries.... those area are where growth will come from".

As a matter of clarification, the developing countries which Mr Tay referred to include India, China, Russia and Europe's Eastern bloc, which are the geographical markets which the Group has identified for future expansion of YHI's distribution network. This is in line with our overall business strategy to constantly explore the feasibility of penetrating new markets with a view to increasing our customer base and broadening our distribution network.
